

SUPEROFFICE CRM

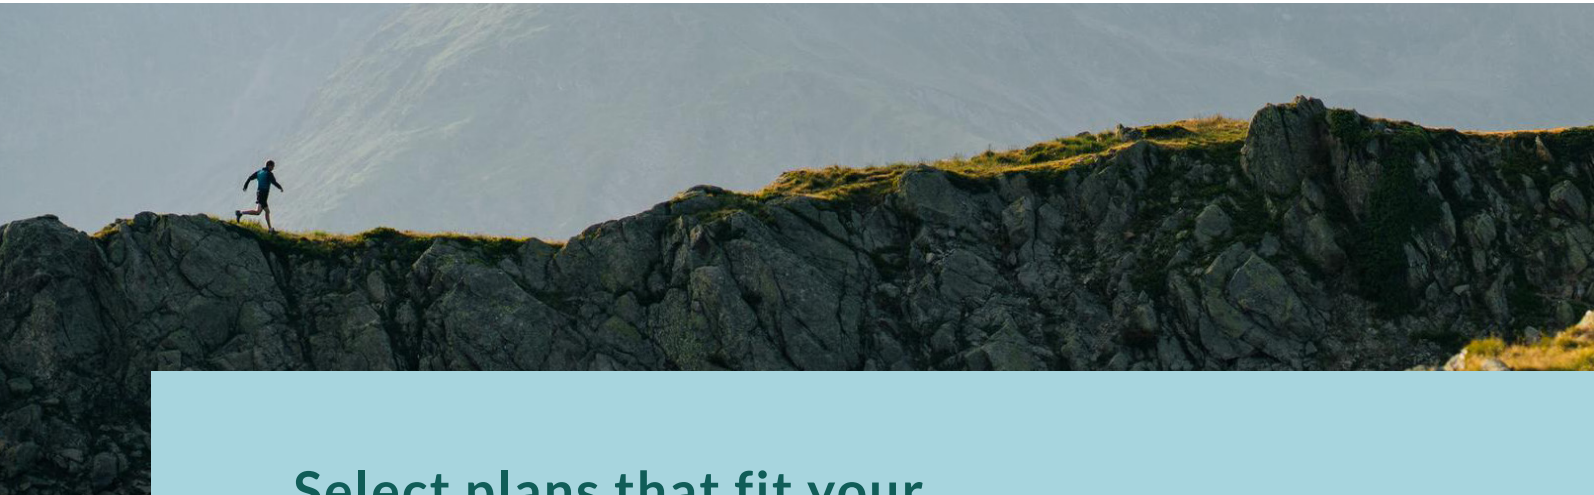

ONSITE SUBSCRIPTION PRICE LIST

EFFECTIVE NOVEMBER 10, 2021 – available for new and existing customers.
PRICES IN EUR – All prices are based on annual billing.

SUPEROFFICE CRM PLANS

SuperOffice CRM is a complete CRM platform that consists of feature sets, which are specifically designed to support the Sales, Marketing and Service processes in a company. The user interface and architecture are seamless across the three process areas because they are built on the same technology stack and together offer a complete CRM solution.

This means that companies can choose to subscribe to one or more plans for their users. When you subscribe to more than one plan, the users of each plan will, in addition to the feature set available in their subscription plan, also gain a “view only” access to the information and data generated by all users. This ensures a full overview of all your customer interactions (the 360 degree view of the customer), while improving customer-related insights and boosting operational capacity for all users.

Select plans that fit your company's needs best:

- You may choose only one plan within Sales, Service and Marketing – this means that all users of Sales, Service or Marketing have to be on the same plan.
- You can mix essentials and premium plans between Sales, Service and Marketing. For example, you may select Sales Premium and Service Essentials.
- Individual users can subscribe to more than one plan.
- Users of multiple plans will get a reduced price on plan 2* and 3**.

**For users of 2 plans, the subscription price is reduced by approximately 50% on the lowest priced plan, depending on what price plans are combined.*

***For users of 3 plans, the price is reduced by approximately 70% on the lowest priced plan and by approximately 50% of the second lowest priced plan. The final discount levels depend on what plans the user wants to combine. Note that there are no such discounts on site licenses.*

ADD-ON PRODUCTS:

In addition to the subscription plans, you may choose one or more add-on products to expand your CRM functionality. Some of these are activated by site and made available to all, and some add-on products are user-specific licenses.

PAY-PER-USE (METERED) SERVICES:

Some services may activate additional fees via metered services and incur when usage is above the included level of a specific service.

CLOUD ONLY FEATURES:

Note that certain features are only available to Cloud subscription users and will be marked with the symbol “☁”. If you are interested in this feature, you need to change your subscription type.

ADDITIONAL INFORMATION

Onsite subscription agreement

All SuperOffice products, except databases, are delivered under the SuperOffice CRM Onsite Subscription agreement that includes software service releases, new version releases and access to web-based support FAQs. All prices in this price list are based on annual payment. For more frequent payments, please contact us. See the Onsite Subscription Agreement for details (<https://www.superoffice.com/trust-center/agreements/osa/>).

Support

Support is included. Support requests are submitted via the support registration form available in the Help menu inside the application, or to our Support center in the SuperOffice Help Center & Community (community.superoffice.com). The Customer is granted free access to the community including

our resource center, Learn-the-Essentials user guides, help files and “How-to-videos”. See the SuperOffice Onsite Subscription Agreement for further details.

Payment periods

The prices in this price list are based on annual payment, meaning 1 payment per year (12-month period). We also offer bi-annual (every 6 months), quarterly and monthly payment, at an additional fee.

VAT and price changes

All prices are excluding VAT. Prices and content are subject to change. Information on changes in prices is made according to the SuperOffice Onsite Subscription Agreement.
